PRODUCT DESCRIPTION

RayKleen – Toilet Cleaner is a detergent cleaner for effective cleaning of toilets and urinals and most bathroom and washrooms. The 3-way action of cleaning, bleaching and de-odourising ensures washrooms remain clean and sanitary. RayKleen – Toilet Cleaner powerfully cleans, eliminates odors, and dissolves lime-scale. It is a ready-to-use, liquid formulation containing advanced cleaners combined with stabilizers. When applied the product clings to surfaces increasing contact time for the active ingredients to work. With agitation a stable foam is produced that gently lifts soil from the surface leaving no residues. The result is a perfect cleaned surface. The formulation is also safe to use in all other washroom and bathroom applications including showers, bath, wet rooms, tiles and flooring.
